Catalog

IEEE has a number of memberships and products we encourage you to explore. You can search by keywords or browse by type.

Search the IEEE Catalog for memberships and products...

NEW!

New and promoted

Discover IEEE's newest publications as well as hand-selected products, often covering the latest technology areas.

IEEE and Special Interest Memberships

Join IEEE to get the benefits of global networking, technical content and career resources. Add a special interest membership in Women in Engineering or Young Professionals to enhance your experience.

Society Memberships

Technical Societies allow members to stay technically current, network with colleagues, and collaborate on research and projects. Discover which of IEEE's 39 Societies best match your technical interests.

Catalog

Search the IEEE Catalog for memberships and products...

IEEE & Special Interest (6) Societies (39) Publications (280) Councils (8) Technical Communities (123)

IEEE Aerospace and Electronic Systems Society Membership

Organization, systems engineering, design, development, integration, and operation of complex systems for space, air, ocean, or ground environments.

IEEE Antennas and Propagation Society Membership

Antenna systems and electromagnetic wave propagation and scattering in complex media for wireless communication, sensing, medical, and other applications.

IEEE Broadcast Technology Society Membership

A broadcasting slant on: equipment, techniques and systems related to production, wired and wireless distribution, transmission, propagation and reception.

IEEE Circuits and Systems Society Membership

Theoretical foundations, applications, architectures, as well as circuits and systems implementation of algorithms for signal and information processing.

IEEE Communications Society Membership

Information transfer with signals: terminals, computers, systems and operations, transmission media networks, layout, protocol, and architecture.

IEEE Communications Society Membership

The IEEE Communications Society embraces science, technology, applications and standards for information organization, collection and transfer using electronic, optical and wireless channels and networks, including but not limited to: Systems and network architecture, control and management; Protocols, software and middleware; Quality of service, reliability and security; Modulation, detection, coding, and signaling; Switching and routing; Mobile and portable communications; Terminals and other end-user devices; Networks for content distribution and distributed computing; and Communications-based distributed resources control. The vision of the Society is to be the organization of choice for communications professionals throughout the world. The International Conference on Communications, among others, is sponsored annually. If you wish to purchase additional copies of publications included in your membership, please visit the [IEEE Contact Center](#).

IEEE Societies provide access to current information, opportunities to network with peers, and enhancement of the worldwide value of your profession. IEEE members receive special prices for Society memberships. If you are not an IEEE member, you may wish to join as an Affiliate at the non-IEEE member price noted at right.

Please scroll down to see the list of featured publications available to Society members.

All IEEE society members get a free individual subscription to [IEEE DataPort](#).

This Society participates in the [Developing Nations](#) discount program.
